**Action By:
May 30, 2024**

TO: Principals
FROM: Joseph Sanches / Chief Operating Officer
SUBJECT: **SCHOOL FOOD SERVICE BREAKFAST AND LUNCH SCHEDULES**

The School Food Service (SFS) Department must submit an application annually to the Florida Department of Agriculture and Consumer Service (FDACS) with the names of all schools participating in the National School Lunch Program and all meal start and end times. To receive the required approval from FDACS and plan accordingly for the 2024-2025 school year, SFS is asking that each Principal complete a survey with the following information for their schools:

- Start bell time
- Dismissal bell time
- Breakfast start and end time
- Lunch start and end time for each lunch period

Click here to access the [survey](#). The survey will end at close of business, Thursday, May 30.

Should you ever need to modify the submitted meal times, please communicate the desired change to your SFS Manager prior to implementing the change. SFS must receive state approval before meal times can be modified.

Approved: 
Michael J. Burke, Superintendent
